

QUOTES ABOUT “COSMETIC PEARLS FOR THE GENERAL PRACTITIONER”

Dear Dr. Zase, Sorry to bother you, but I just wanted to take a moment to say thank you. I attended your course here in Nashville (Cosmetic Pearls for the General Practitioner) and learned a great deal. I was having quite a bit of post-op sensitivity with my posterior composites, and I am proud to say I have not had one single case of sensitivity since attending your course. I was getting to where I was dreading doing any fillings at all, now I can't wait to do them. I would do these beautiful fillings, only problem was, the patient couldn't chew on it. But not anymore, thanks to you. I'm sure I just jinxed myself, but I'm feeling 100% more confident doing them. *Dr. Will McPherson*

"He was a very enjoyable speaker, knowledgeable, humorous. After 32 years of lectures I am finally not bored. Get him back." NYCDS

Marty: This past AACD conference was my first time attending and I was so thoroughly impressed. I am a recent graduate and new dentist and found so many useful and amazing courses to attend. Your lecture "Cosmetic Pearls" was, however, my favorite course that I attended and I wanted to thank you for all of the advice, tips and timesavers about products, procedures. As a new dentist it is overwhelming how much information is out there and it is great to get a valued opinion from a seasoned veteran in cosmetic dentistry. You were inspiring and I really was looking forward to returning to the office after your lecture. I will highly recommend it to colleagues of mine knowing they will enjoy it as much as I did. I would really like to attend your six hour version in the future. Thank you again."
Jennifer Hade, DMD

“... Your presentation was truly outstanding and your contribution helped make our meeting a success. I have heard only favorable comments concerning your presentation. Everyone not only enjoyed their time with you, but gained significant knowledge as well.”

James DeBoer, Speaker Chairman, El Paso Dental Conference

For over four years, I have had the responsibility of coordinating the educational programs for the Tennessee Academy of Cosmetic Dentistry. We have had in that time many of the most respected speakers in dentistry. Your presentation on January 27th was one of the best! The clinical information regarding many of the issues in dentistry was outstanding, but it was your personality and endless approachability that truly sets you apart.

Many of those on the lecture circuit have a rather high opinion of themselves. These “stuffed shirts” may have a clinical message, but they do not seem to be one of us, the everyday practitioners. Your signature “Hawaiian” approach immediately eliminated those attitudinal barriers and creates a real world, relaxed, and rewarding learning opportunity.

Thanks again from myself and the Tennessee Academy of Cosmetic Dentistry for an effort very well done. *Wayne D. Lichter, DDS* Secretary, TNACD

“Excellent lecturer, very helpful, strong and excellent presentation” YDC

“Marty, Thanks for helping me take a giant step toward zero sensitivity in my posterior composites.” Jim Zarafonetis
